Message from St. Germain (channeled by Brigitte Boyea):

Greetings, my dear friends and fellow light workers,

We, the members of the Hierarchy of Light, reach out to you with much love and

compassion at this time of accelerated transformation. Fears are being faced in new ways this year, the body is seeking to adjust and find comfort with the new frequencies that are felt as a result of the many shifts Gaia has been going through and much courage and strength is needed to continue to walk the path of liberation. Yet know beyond a doubt that all of this is necessary. It is the process by which the collective gives birth to a new consciousness.

Wide spread chaos, the battle between love and fear and light and darkness in the outer world is only a mirror image of one's own inner fear and resistance towards change. In truth this battle is taking place within every single one of you at this time. What voices to believe in, what belief systems to let go of, how to expand and liberate yourself without losing everything that is dear to your heart including yourself, these are decisions you are facing each day and they are beginning to wear you down. You know the answer is love, it always has been. But when there is so much fear and love is covered up with layers and layers of memories and wounds from the past, it appears unreachable at times.

Be at peace, my friends. What seems to be an uncontrollable storm of emotions and physical challenges at this time will pass soon. When everything gets shaken up as it is now it results in the continued release of what no longer serves you and provides the opportunity of a greater truth to be expressed and accepted by the collective. This has to happen for the much needed change to come about. Transformation has three phases, death, rebirth and sustenance. But they are not separate from each other as some of you might think. It is important that you find ways to sustain yourself as one door in your life closes and a new one is about to open up.

Slow down, go within, connect with the divine light within your heart, use your in-breath and out-breath to spread this divine light throughout your body and out into your surroundings. When the fear comes up hand it over to your Divine I Am Presence to take care of it for you in the most harmonious and easiest way. Contrary to how you sometimes feel, you are not alone in all of this. Now is the time to include your greater divine Self to participate in every aspect of your life.

This is your path of liberation and you are beyond the point of no return. Keep on going, cleanse your aura and your chakras often, find ways to calm your nerves whether it is through music, prayer, meditation, mantras, walks in nature, more sleep. Whatever works for you to calm down, do it. If nothing works, call on us and we will support you in the process of letting go what no longer serves you. That's really what all of this is about anyway.

I am St. Germain and my love and support is with you always.

An Internet Radio Event of Transformation with St. Germain

Join us for a monthly radio show with St. Germain
channeled by Brigitte Boyea with celestial music by Mike Snyder and
celestial healing support by Mark Rawson

In these times of great change and new beginnings, it becomes increasingly more difficult to walk the path alone. Therefore use this radio show as an opportunity to receive love and support from someone who has walked the path of enlightenment and ascension before you.

Much has been written about St. Germain. Incarnation after incarnation he participated in freeing the human mind from restricting thought patterns in his constant attempt to liberate the human spirit from the bondage of the past. Now working from the higher realm as an ascended master of transformation, higher truth and mercy, his focus is again to guide you in this process of liberation and to remind you of your true divine origin.

In this one and a half hour radio event, St. Germain will use Brigitte Boyea and Mike Snyder as his channels to convey messages of love, empowerment and divine wisdom.

Mike Snyder will bring St. Germain's essence to you by playing his piano in alignment with the celestial realm. As music is a universal language that does not know barriers, it brings healing on a very deep level allowing you to open up your heart further to the divine love within and around you.

At the same time, Mark will add his powerful oneness blessings to Mike Snyder's channeled music bringing much healing and empowerment to the listeners.

Brigitte Boyea will then become St. Germain's voice. He will address current world issues and provide guidance to assist you in making new

choices in your life. St. Germain will also take you on powerful inner journeys to offer specific energy attunements that unleash great transformational forces. This will further support you to live a life in alignment with your heart on your path of enlightenment.

To close the radio show Mike Snyder will play another channeled piece of celestial music to help you integrate what you have received during your time with St. Germain.

If time permits, listeners will be able to call in live to ask St. Germain a question. Callers are usually getting the opportunity to talk to St. Germain around 9 pm. The telephone number is 1-646-716-9663.

Don't miss this great opportunity to receive additional support at a time where it is so easy to lose track of what is important in your life. Remember, it is really you who is important and it is you who is loved and has not been forgotten. Therefore take this time for you. You deserve it.

Love and blessings,

The Hierarchy of Light

Celebrate an Evening of Love with St. Germain Master of Transformation and Mercy!

The month of February is all about love. On St. Brigid Day, February 1st, half way through the winter months, we celebrate a day of hope and courage igniting a fire within our heart that gives us the strength to continue on our path out of the darkness into the light. Valentine's Day, February 14th, is also a significant day dedicated to love. Yet so often during this month, we tend to become impatient, lost in the darkness of the colder days and our hearts ache because of unfulfilled dreams, expectations or unrequited love.

St. Germain, Master of Transformation and Higher Truth, will use Brigitte Boyea as his channel to take you on a journey into your sacred heart. There you will obtain a greater understanding of old wounds and scars that are still holding you back from the experience of divine love here on Earth. Any relationship in the outer world is based on the relationship you have with your own Self in your inner world. Therefore open your heart this evening to receive a deep infusion of the pink ray of love and light offered to you by the Angelic Kingdom and the Ascended Masters of Light. This will assist in breaking down any barriers or armor that has stopped you from allowing yourself to receive the endless flow of love the Universe has in store for you.

Mike Snyder will also add his powerful gifts as a channel of the Hierarchy of Light to this event. He will intensify the experience as he channels the higher frequencies of love and light from the celestial realm to us by playing his piano during the event. His music touches

you at the core of your being allowing you to be more receptive to the healing that will take place in your heart.
