Message from St. Germain (channeled by Brigitte Boyea)

Greetings, my dear friends and fellow light workers!

Life on Earth is calling out to you to pay attention. Take courage and continue

on the path of transformation releasing that what no longer serves you. This is not the time to stop on your path of progression even if it sometimes seems like you are taking two steps back after having taken one step forward. That is only an illusion that your human self wants you to believe out of fear of being left behind.

Yes, a certain level of honesty is needed for you to make these changes, and yes, sometimes when you look at your life with that honesty it makes your heart ache because you can begin to see the discord that was invisible before. But believe me that by no means your life choices were mistakes. On the contrary, everything you have experienced to this point only taught you more about your true divine Self. How can you know and understand love, if you have not also experienced the lack or loss of love? How can you have compassion if you have not cried the tears of sorrow? How can you call on the light if you have not been lost in the darkness?

Everything has purpose, everything is divine, everything exists to bring you into alignment with your Divine I Am Presence to find your way back to an integrated Self. An integrated Self does not mean that you are without fear, discord or suffering, but it means that you have balanced it and therefore neutralized it with its opposite aspects. This then brings peace and joy and allows you to shift to a new consciousness level.

On this path it is so easy to judge your life's circumstances, feeling that life is not providing you with what you believe you need for your happiness. If you only allow yourself to step out of that mind shatter for a moment to enter a place of silence, you will notice that there is something magical waiting inside of you. A new seed of consciousness is already there. It has been there for some time. It is growing and becoming stronger. Allow it to speak to you as it reaches out gently to your inner senses asking you to allow everything to unfold instead of being afraid of losing control.

Nature teaches you this process of transformation so beautifully. It, too, raises its own consciousness to new levels each year. Winter is a time of introspection and silence, spring a time of awakening, summer a time of labor and action to nurture the new growth whereas in autumn the fruits of everything that has been accomplished in the previous seasons is being harvested. Take time and be out in nature. Sit by the river, listen to the bees, watch the butterflies, smell the flowers and breathe in the air. When the rain comes, let it purify your soul and when the thunderstorms release their power over your head pull in the electricity from the

lightening into your very heart to remind you of the power that is also within your own self.

These might be trying times, but they also hold the promise of a great new awakening within the heart of all that exists on Earth and within this Universe. Therefore keep on going. Trust that the Universe has your back and is providing for you.

Blessings to all of you on your continued path of liberation.

I am St. Germain and my love and support is with you always.

An Internet Radio Event of Transformation with St. Germain

Join us for a monthly radio show with St. Germain
channeled by Brigitte Boyea with celestial music by Mike Snyder and
celestial healing support by Mark Rawson

In these times of great change and new beginnings, it becomes increasingly more difficult to walk the path alone. Therefore use this radio show as an opportunity to receive love and support from someone who has walked the path of enlightenment and ascension before you.

Much has been written about St. Germain. Incarnation after incarnation he participated in freeing the human mind from restricting thought patterns in his constant attempt to liberate the human spirit from the bondage of the past. Now working from the higher realm as an ascended master of transformation, higher truth and mercy, his focus is again to guide you in this process of liberation and to remind you of your true divine origin.

In this one and a half hour radio event, St. Germain will use Brigitte Boyea and Mike Snyder as his channels to convey messages of love, empowerment and divine wisdom.

Mike Snyder will bring St. Germain's essence to you by playing his piano in alignment with the celestial realm. As music is a universal language that does not know barriers, it brings healing on a very deep

level allowing you to open up your heart further to the divine love within and around you.

At the same time, Mark Rawson will add his powerful oneness blessings to Mike Snyder's channeled music bringing much healing and empowerment to the listeners.

Brigitte Boyea will then become St. Germain's voice. He will address current world issues and provide guidance to assist you in making new choices in your life. St. Germain will also take you on powerful inner journeys to offer specific energy attunements that unleash great transformational forces. This will further support you to live a life in alignment with your heart on your path of enlightenment.

To close the radio show Mike Snyder will play another channeled piece of celestial music to help you integrate what you have received during your time with St. Germain.

If time permits, listeners will be able to call in live to ask St. Germain a question. Callers are usually getting the opportunity to talk to St. Germain around 9 pm.

The telephone number is 1-646-716-9663.

Don't miss this great opportunity to receive additional support at a time where it is so easy to lose track of what is important in your life. Remember, it is really you who is important and it is you who is loved and has not been forgotten. Therefore take this time for you. You deserve it.

Love and blessings,

The Hierarchy of Light

MUM'S SPIRITUAL HOLISTIC EXPO
SPRING 2018

"The Expo that Opened Another Door"

Come and visit us at booth# 145 at the MUM's Spiritual Holistic Expo in Allentown, PA, where Brigitte Boyea will offer her unique Celestial Reading and Healing Sessions as a channel and instrument of the Hierarchy of Light.

This year has already provided us with plenty of opportunities for spiritual growth and the continued release of old and outdated belief systems. As we assist in the anchoring of a new paradigm of love, peace and joy here on Earth, we are asked to keep transforming everything that interferes with this new consciousness. Therefore the importance of staying in a place of balance and love these days regardless of the outer circumstances has become undeniable one

of our greatest tasks at hand.

Allow yourself to receive support in these times we live in. Come to our booth where Angels and Ascended Masters will take you on a very personal inner journey of healing. You will receive energy attunements and assistance in general to help you with the days ahead.

For more information visit <http://www.mumexpo.com>.

Saturday and Sunday, May 19th and 20th

CELEBRATE THE FESTIVAL OF HUMANITY WITH ST. GERMAIN

The Festival of Humanity also known as the World Invocation Day is celebrated on the day of the full moon that follows the Wesak Festival.

All light workers around the world gather this day to join in their efforts to bring healing and restoring forces to humanity for a better future for us all.

With all the continued consciousness shifts that are taking place everywhere this year, we can feel the forces of transformation hitting us with great intensity. No-one stays untouched by this. Anything that hinders our divine expression on Earth and our role within the divine plane is being released through continued physical, emotional and mental purging. Only our willingness to fully surrender to our Divine I Am Presence to guide and direct us in this process will bring about the much needed change in a peaceful and effortless way.

Therefore let us come together to support Earth in her awakening process with the power of invocation and by bringing our focus back to those areas in our life where harmony, balance, beauty, love and compassion are needed the most.

This evening St. Germain, channeled by Brigitte, will assist by focusing the group energy to affect Earth and all of Earth's inhabitants in the most beneficial way. He will also attune everyone present to become more efficient mediators between all opposing forces in our own lives as well as to help anchor more of a global peace consciousness of oneness here on Earth as part of the ascension process.

We all chose to be in service to the Light. This is a great opportunity to fulfill this commitment.

Mike Snyder, a powerful instrument of the Hierarchy of Light, will channel the higher frequencies of love and light from the celestial realm for this evening by playing his piano during this event. His music touches you deep within your being allowing you to be more receptive to directing the healing energies at hand.
